Subject: Proposal for major name change

In response to the questions listed in your email regarding the proposal for major name change please see my clarifications below.

1. Are any curricular changes to the major associated with the proposed name change?
   No.

2. Do you also want to change the name of the undergraduate minor in Agricultural Economics and Management?
   Good point. For consistency we would also like to change the name of the minor. See attached a new memo.

3. Do you plan to keep the current course prefix (AREC) or will you be submitting a request to change the course prefix?
   Yes, we will keep the current course prefix.

4. Has there been any discussion about changing the department name?
   No, we will not be changing the name of the department.
