Dr. Walter Piegorsch  
Graduate Interdisciplinary Program in Statistics  
University of Arizona  
Tucson, AZ 85721

Dear Dr. Piegorsch;

With this memorandum I certify that the College of Social and Behavioral Sciences supports the construction of a University-wide Graduate Certificate in Statistics. The Certificate will attract a variety of new students to our programs who are interested in more in-depth/focused study of this modern science, and certainly is a mechanism by which the University can extend and enhance its mission to educate Arizona’s citizenry. The college will offer the course listed below on a regular basis to serve as a possible elective for the Graduate Certificate in Statistics:

PSYC 507C -- Research Design & Analysis of Variance

Please do not hesitate to contact me or my staff if you have any questions, or if we can be of further assistance.

Sincerely yours,

Edward I. Donnerstein, Dean  
College of Social and Behavioral Sciences
