February 27, 2007

Dr. Walter Piegorsch  
Graduate Interdisciplinary Program in Statistics  
University of Arizona  
Tucson, AZ 85721

Dear Dr. Piegorsch;

With this memorandum I certify that the Department of Educational Psychology supports the construction of a University-wide Graduate Certificate in Statistics. The Certificate will likely bring a variety of new students to our programs who are interested in more in-depth/focused study of this modern science, and certainly is a mechanism by which the University can extend and enhance its mission to educate Arizona’s citizenry. The department will offer the course listed below on an ongoing basis to serve as possible electives for the Graduate Certificate in Statistics:

EDP 658B -- Theory of Measurement

Please do not hesitate to contact me or my staff if you have any questions, or if we can be of further assistance.

Sincerely yours,

[Signature]

Thomas L. Good  
Professor and Department Head
