24 February 2007

Dr. Walter Piegorsch
Graduate Interdisciplinary Program in Statistics
University of Arizona
Tucson, AZ 85721

Dear Dr. Piegorsch;

With this memorandum I certify that the School of Natural Resources supports the construction of a University-wide Graduate Certificate in Statistics. The Certificate will likely bring a variety of new students to our programs who are interested in more in-depth/focused study of this modern science, and certainly is a mechanism by which the University can extend and enhance its mission to educate Arizona’s citizenry. The School will offer the course listed below on an ongoing basis to serve as a possible elective for the Graduate Certificate in Statistics:

RNR 613 -- Applied Biostatistics

Please do not hesitate to contact me or my staff if you have any questions, or if we can be of further assistance.

Sincerely yours,

Lisa J. Graumlich
Director, School of Natural Resources
