Dr. Walter Piegorsch
Graduate Interdisciplinary Program in Statistics
University of Arizona
Tucson, AZ 85721

Dear Dr. Piegorsch,

With this memorandum I certify that the Department of Psychology supports the construction of a University-wide Graduate Certificate in Statistics. The Certificate will likely bring a variety of new students to our programs who are interested in more in-depth/focused study of this modern science, and certainly is a mechanism by which the University can extend and enhance its mission to educate Arizona's citizenry. The department will offer the course listed below on an ongoing basis to serve as a possible elective for the Graduate Certificate in Statistics:

PSYC 507C -- Research Design & Analysis of Variance

Please do not hesitate to contact me or my staff if you have any questions, or if we can be of further assistance.

Sincerely yours,

[Signature]

Alfred W. Kaszniak, Ph.D.
Professor and Head of Psychology
